

#1 Horizontal Residential Sprinkler

December 2003

Dear Valued Customer:

Reliable is pleased to announce our latest product addition to our Residential Sprinkler line – F1RES 44 HSW (Horizontal Sidewall and Recessed) Sprinkler.

- The F1RES 44 HSW provides the best combinations of flows and pressures in the industry!
- For 16' x 16' the F1RES 44 HSW has 16 gpm and only 13.3 psi.
- And it is the only Horizontal Sidewall and Recessed Sprinkler to provide 18' x 18' coverage on the market today!

Room Size (ft.)	Flow (gpm)	Pressure (psi)
16 x 16	16	13.3
16 x 18	18	16.8
16 x 20	23	27.4

For more information on our new F1RES 44 HSW, as well as our complete line of Residential Sprinklers, enclosed is a copy of Bulletin # 135.

Thank you again for choosing The Reliable Automatic Sprinkler Co., Inc. for your fire protection needs. We look forward to providing you with the latest technology, quality, and service.

Sincerely,

Michael R. Fee
