

System Components Pricing Update!

October 2003

Dear Customer:

Reliable was recently informed by **Star Piping Products** of the following price increases effective **November 17, 2003**.

- **Grooved Products** – 4%
- **Cast Iron Screwed Fittings** – 5%
- **Ductile Iron Screwed Fittings** – 5%
- **Fire Dept. Equipment** – please note a **reduction** in list price on the products listed in our Brass Hose Valve & Accessories section.

Because of these increases, Reliable will be increasing list prices by the same amount on **November 17, 2003**.

Please take the time to review your requirements for these products and place an order with us **prior to November 7th for shipment no later than November 14th**. We will not be able to hold pricing or ship product at the old price after November 14th. Please get your orders in early.

In addition, we will be adding and updating some of our other System Components price sheets in order to better serve our customers.

We regret the fact that we have to increase our pricing, but we do so only as a result of the price increases that we receive from our suppliers.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

Rex Schwendiman
Vice President, System Components
