

2004 Price Book

April 2004

Dear Valued Customer:

Enclosed is your revised copy of our **2004 Price Book** on CD. Please discard the CD mailed earlier to you in February 2004.

Because of multiple changes that we have received from our System Components partners and because we want to service you better, we are mailing this updated CD.

We have included price increases to our System Components product line that go into effect **April 12, 2004**. Any orders placed or shipped after that date will be subject to these increases.

Keep in mind that our Price Book is always available via our website at www.reliablesprinkler.com.

Thank you again for choosing Reliable for your fire protection needs.

Sincerely,
Michael
