

TECHNOLOGY • QUALITY • SERVICE

The King of Residential Sprinklers has expanded their Residential Sprinklers Product Line!

July 2004

Dear Valued Customer:

Reliable continues to be # 1 in the Industry by announcing our expanded Residential Sprinklers Product Line. Our **F1 RES 44 SWC (Sidewall, Concealed)** is the **Industry's First and Only Concealed Residential HSW**.

We've also developed sprinklers for use in NFPA 13 applications. The larger **K factors** of **5.8** and **5.6** make these sprinklers ideal for **0.10 applications**.

- **F1 RES 58 Pendent and Recessed Pendent**
- **F1 RES 58 HSW and Recessed HSW**
- **RFC56 - Flat Plate, Concealed**

For more information on our these new sprinklers as well as our complete line, please refer to **Bulletin # 135 Rev. C** and **# 009**.

Thank you again for choosing The Reliable Automatic Sprinkler Co., Inc. for your fire protection needs. We look forward to providing you with the latest technology, quality and service.

Sincerely,

A handwritten signature in black ink that reads "Michael".
