

# Addendum to Price Update!

June 2006

Dear Valued Customer:

As announced last month, based upon the continuing significant increases in material costs that we have incurred over the past six months, we will be increasing our prices on the majority of our Reliable Manufactured Products by 10 % effective **Friday, August 11, 2006**.

However, we found it necessary to make the following adjustments to our price increase for a few product categories -

- All Dry Sprinklers 13 %
- All Trim and Valve Accessories 13 %
- All Model G and G4 XLO Sprinklers 15 %
- Replacement Parts 15 %

We thank you for your understanding and continued support of Reliable.

Sincerely,

Michael R. Fee  
V.P. Sales & Marketing Operations
