

Happy Holidays

2007 Holiday Schedule

Reliable's Offices and Distribution Centers will be closed:

**Monday, December 24th, Tuesday, December 25th
& Wednesday, December 26th and
Monday, December 31st & Tuesday, January 1st**

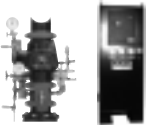

Please anticipate your requirements prior to these dates.

JL112 & J112, K-11.2 Upright, Pendent & Recessed Pendent Sprinklers are Extended Coverage Sprinklers for Light and Ordinary Hazard occupancies for coverage areas from 144 ft² to 400 ft². Available with Link or 3mm Glass Bulb. Bulletins 173 & 172.

We've added two new Residential sprinklers to our full product line - RFC49, K-4.9 and F1 RES 76, K-7.6. The RFC49 is a flat concealed sprinkler. Our new RES 76 sprinklers have the largest K factor on the market today. Bulletins 006, 135 & 176.

Our DDX Valve is now available in smaller sizes - 2", 2- 1/2" and 3". An 8" version is coming soon. Our PrePaKs are now manufactured using the 4" and 6" DDX Valves. They're 33% smaller in size than the competition. Bulletins 512, 510, 333, 357, & 733.

And our two new storage sprinklers, N252 EC, K-25.2 Pendent and J168, K-16.8 sprinklers, are now UL Listed and FM Approved. Bulletins 008 and 011.
