## System Components Pricing Update!

December 2007

Dear Customer:

Reliable was recently informed of a price increase effective February 4, 2008 from FPPI Brass Products. The increase will be as follows:

- **FPPI Brass and Bronze Products** **10 to 12 %**

Because of this increase, Reliable will be increasing List Prices to all of our customers effective **February 4, 2008**.

Please take the time to review your requirements for all Brass and Bronze Products and place an order with us prior to January 25th for shipment no later than January 31, 2008. We will not be able to hold pricing or ship product at the old price after January 31st.

In addition we will be updating our System Components price sheets in order to better serve our customers.

We regret the fact that we have to increase our pricing, but we do so only as a result of the price increases that we receive from our suppliers.

Our amended pricing will be posted on the Reliable website at [www.reliablesprinkler.com](http://www.reliablesprinkler.com) and will be available on January 18th. The file can be downloaded from the site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Components product line and wish you and your family a very happy holiday season.

Sincerely,

Rex Schwendiman  
Vice President, System Components
