## System Components Pricing Update!

January 2007

Dear Customer:

Reliable was recently informed of price increases effective February 15, 2007 from Harvel, Ames, and Aquaflex. The increases will be as follows:

- **Harvel CPVC Pipe** 6 %
- **Ames Fluid Control** 6 - 7 %
- **Aquaflex** 8 %

Because of these increases, Reliable will be increasing List Prices to all of our customers effective **March 5, 2007**.

Please take the time to review your requirements for CPVC Pipe, Flexible Drop and Ames Backflow equipment and place an order with us prior to February 23rd for shipment no later than March 2nd. We will not be able to hold pricing or ship product at the old price after the specified ship date. In addition, there could be allocation restrictions on CPVC Pipe so please get your orders in early.

In addition we will be updating our System Components price sheets in order to better serve our customers.

We regret the fact that we have to increase our pricing, but we do so only as a result of the price increases that we receive from our suppliers.

Our amended pricing will be posted on the Reliable website at [www.reliablesprinkler.com](http://www.reliablesprinkler.com) and will be available on February 23rd. The file can be downloaded from the site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

Rex Schwendiman  
Vice President, System Components
