Our F1 Residential Sprinkler line has gotten bigger with a small K-Factor Sprinkler!

March 2009

Dear Valued Customer:

That's right! Reliable is proud to introduce our new, small K-Factor Residential Sprinkler - the **F1 RES 30**, which has a **K-Factor of 3.0**. Available styles include Pendent, Recessed Pendent, and Conical Concealed. It is the industry's only concealed 3.0 K-Factor sprinkler. With flows and pressures starting as low as **8 GPM and 7.1 psi**, the F1 RES 30 is designed to minimize water flow requirements to be more compatible with domestic water meters found in **most single family homes**.

Reliable's complete Residential Sprinklers line includes -

- | | |
|--|-----------------|
| • F1 RES 30 Pendent & Recessed Pendent | K-Factor of 3.0 |
| • F1 RES 30 Conical Concealed (CCP) | K-Factor of 3.0 |
| • F1 RES 44 HSW Sidewall & Recessed Sidewall | K-Factor of 4.4 |
| • F1 RES 44 Conical Concealed (CCP) | K-Factor of 4.4 |
| • F1 RES 49 Pendent & Recessed Pendent | K-Factor of 4.9 |
| • F1 RES 49 Conical Concealed (CCP) | K-Factor of 4.9 |
| • F1 RES 58 Pendent, Recessed, & HSW | K-Factor of 5.8 |
| • F1 RES 76 Pendent, Recessed, & HSW | K-Factor of 7.6 |
| • RFC43 Flat Concealed | K-Factor of 4.3 |
| • RFC49 Flat Concealed | K-Factor or 4.9 |
| • RFC56 Flat Concealed | K-Factor of 5.6 |

These sprinklers come in a variety of standard finishes and **custom finishes are also available**.

For more information on our F1 RES 30, please refer to Bulletin 135 on our website.

Thank you again for choosing Reliable for all your fire protection needs.

Sincerely,

Michael R. Fee
