System Components Pricing Update!

June 2010

Dear Customer:

Reliable was recently informed that Anvil International **will now go forward** with their price increase on **SPF Ductile Iron** that they announced previously. The new effective date of this increase is **July 1, 2010**. We are sorry for any confusion this announcement may have caused you.

We regret the fact that we have to raise our prices, but we do so only as a result of the increases that we receive from our manufacturing partners. Our goal at Reliable has been and continues to be to provide our customers with a quality product at a competitive price.

Please take the time to review your requirements for SPF Ductile Iron and place an order with us prior to July 1st for shipment no later than **June 30, 2010**. We will not be able to hold pricing or ship product at the old price after **June 30, 2010**.

Our revised pricing will be posted on the Reliable website at www.reliablesprinkler.com and will be available by June 28, 2010. The file can be downloaded from the site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Schwendiman".

Rex Schwendiman
Vice President, System Components
