System Components Pricing Update!

January 2010

Dear Customer:

Reliable was recently informed of price increases effective February 1, 2010 from the following vendors:

• Nibco	All Valves	5 to 11 %
• Ames/Watts/Febco	All Valves	3.5 to 10 %
• Anvil International	All Steel Nipples	10 to 15 %
• Anvil International	Domestic Cast Iron	6 to 7 %
• Anvil International	Malleable Iron	6 to 7 %
• Erico	All Hanger Products	9 to 10 %

Because of these increases, Reliable will be increasing List Prices to all of our customers on **February 1, 2010**. We regret the fact that we have to raise our prices, but we do so only as a result of the increases that we receive from our manufacturing partners. Our goal at Reliable has been and continues to be to provide our customers with a quality product at a competitive price.

Please take the time to review your requirements for all products manufactured by the companies listed above and place an order with us prior to **January 25, 2010** for shipment no later than **January 29, 2010**. We will not be able to hold pricing or ship product at the old price after **January 29th**.

In addition, we will be updating our System Components price pages in order to better serve our customers.

Our amended pricing will be posted on the Reliable website at www.reliablesprinkler.com and will be available by January 22nd. The file can be downloaded from the site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

Rex Schwendiman
Vice President, System Components
