## System Components Pricing Update!

May 2010

Dear Customer:

Reliable was recently informed that Anvil International will **not** be going forward with their price increase on SPF Ductile Iron that they announced for June 7, 2010. Reliable had previously announced that increase to our customers and we are now rescinding our increase on Ductile Iron at this time. We are sorry for any confusion this may have caused you and hope that by keeping the pricing the same it will help you in your current and future projects.

Sincerely,

A handwritten signature in black ink, appearing to read "R. Schwendiman".

Rex Schwendiman  
Vice President, System Components
