Because of this, Reliable® will be adjusting these list prices for all customers on May 24, 2021. As always, we regret the fact that we must raise our prices, but we do so only as a result of the increases we receive from our manufacturing partners. Please note these increases are tied directly to the increased costs of steel and brass worldwide.

Please take the time to review your requirements for the products listed above and place an order with us prior to May 17, 2021 for shipment no later than May 21, 2021. We will not be able to hold pricing or ship product at the old price after May 21, 2021.

Amended pricing will be posted on the Reliable® website just prior to the effective date. Please download the new prices from www.reliablesprinkler.com.

All of us at Reliable® want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

Rex Schwendiman
