Reliable	FDC Equipment and Hose Valves	10% - 11%	July-12-2021
Reliable	Iron Valves	5% - 6%	July-12-2021

Because of this, Reliable® will be adjusting these list prices for all customers on July 12, 2021. As always, we regret the fact that we must raise our prices, but we do so only as a result of the increases that we receive from our manufacturing partners. Please note that these increases are tied directly to the increases we are experiencing in the cost of steel and the increase of brass products worldwide.

Please take the time to review your requirements for the products listed above and place an order with us prior to July 5, 2021 for shipment no later than July 9, 2021. We will not be able to hold pricing or ship product at the old price after July 9, 2021.

Amended pricing will be posted on the Reliable[®] website just prior to the effective date. Please download the new prices from www.reliablesprinkler.com.

All of us at Reliable® want to thank you for your business and continued support of Reliable's System Components product line.

Sincerely,

Rex Schwendiman

Vice President, System Components
