

SYSTEM COMPONENTS PRICING UPDATE

Dear Customer:

Reliable® was recently informed of a price increase from the following vendor:

Manufacturer	Products	Average % Increase	Effective Date
Noble Company	FireFighter® Glycerine Antifreeze	11% - 19%	03-21-2022

Noble Company has announced an immediate price increase on their glycerine-based antifreeze. This is a force majeure situation and will apply to all orders as of March 21. Because of this announced increase, Reliable® will be adjusting list prices for this product for all customers beginning on March 21, 2022. As always, we regret the fact that we must raise our prices, but we do so only as a result of the increases that we receive from our manufacturing partners.

In addition to this increase announcement there will be a slight adjustment down on the price of all Propylene Glycol Antifreeze as of March 21, 2022. This will be reflected in a decrease to our list price on March 21, 2022.

Our amended pricing will be posted on the Reliable® website at www.reliablesprinkler.com. Please download it from our site.

All of us at Reliable® want to thank you for your business and continued support of Reliable' s System Components product line.

Sincerely,

Rex Schwendiman
Vice President, System Components
