

# LESS IS MORE.

4' (1.2 m) min. aisle width.

3" (75 mm) min. transverse flue space.

48' (14.6 m) ceiling with 43' (13.1 m) storage.

Single-row, double-row, and multiple-row racks in accordance with NFPA 13

**Reliable**<sup>®</sup>

*For complete design and  
installation information  
see Reliable Bulletin 082.*

Less flue spaces and aisles gives you more storage. See how to do it with Reliable's new N28T3 Specific Application ESFR Sprinkler.
