April 2, 2020

Rex,

This letter will serve as file notification that we have tested the following product and found it to be compatible with our CPVC products:

Titus Industrial – Grooved EPDM Circular Gasket with Exterior Powder Pre-Lubrication.

Please note that these results are provided based on the product submitted and are not indicative of any future or other products that may be offered by this manufacturer.

Please feel free to contact our Technical Services Department if you have any questions or require additional information.

Thank you,

Matt Baker
VP, Sales Operations
Spears® Manufacturing Company
