SYSTEM COMPONENTS PRICING UPDATE

Dear Customer,

Reliable® was recently informed of price increases from the following vendors:

Manufacturer	**Products**	**Average % Increase**	**Effective Date**
Cooper/B-Line (Eaton)	Hangers/Seismic	4% - 7%	Aug 3, 2026
Noble Company	Eliminator Antifreeze	18%-20%	Aug 3, 2026
Noble Company	GL48 and GL38 Antifreeze Products	22%-25%	Aug 3, 2026
Noble Company	PG38 Antifreeze Product	234%	Aug 3, 2026

Because of this, Reliable will be adjusting these list prices for all customers on **August 3, 2026**. As always, we regret the fact that we must raise our prices, but we do so only as a result of price increases from our manufacturing partners.

The large increase in PG38 Eliminator is due to a shortage of propylene glycol caused by a major fire at the largest global refinery of PG in Houston in mid-March. This led to several glycol refineries to convert glycerin to PG. Additionally, due to the large increase in raw PG (500%), RV antifreeze manufacturers are switching to glycerin.
3Au
Please take the time to review your requirements for the products listed above and place an order with us prior to **July 27th, 2026** for shipment no later than **July 31st, 2026**. We will not be able to hold pricing or ship product at the old price after close of business on **July 31st, 2026**. **Reliable also reserves the right to limit order quantities based on historical purchase patterns.**

Our amended pricing will be posted on the Reliable website at www.reliablesprinkler.com. Please download it from our site.

All of us at Reliable want to thank you for your business and continued support of Reliable's System Component Business.

Sincerely,

Rex Schwendiman
Sr. Vice President, System Components
